IMPORTANT NOTICE

To Secretaries of Corporations Doing Business in Nevada
But Incorporated in Other States
NOT TOO LATE TO SAVE \$100 PER MONTH

SECTION 1.—All foreign corporations doing business in the State of Nevada shall, not later than the month of March in each year, beginning in the year 1914, publish a statement of their last year's business in some newspaper published in the State of Nevada. If published in a daily newspaper, such statement shall be published for a period of one week, or if published in a semi-weekly or tri-weekly newspaper, for a period of two weeks; or if published in a weekly newspaper for a period of four weeks.

SECTION 2.—The secretary of the company publishing the statement shall file a copy with the assessor of each county of the State of Nevada, in which said company is doing business.

SECTION 3.—Any district attorney in the state is competent to sue to recover the penalty, or the attorney general. The first county suing through its district attorney shall secure the penalty, and if no suit is brought for the penalty by any district attorney the State shall have the right to recover through its attorney-general.

THE TONOPAH DAILY BONANZA WILL MAKE PUBLICATION REQUIRED BY LAW, WHICH IN-
CLUDES THE FILING OF A SWORN AFFIDAVIT OF PUBLICATION WITH THE ASSESSOR OF EACH
OF THE COUNTIES OF THE STATE, WITHIN WHICH THE COMPANY IS DOING BUSINESS; AN
AFFIDAVIT OF PUBLICATION WILL ALSO BE FURNISHED SECRETARIES.

TONOPAH DAILY BONANZA

AT WEST POINT OF OLD MEXICO

Associated Press.
El Paso, Tex., March 5.—Cadets of the military school of Chapultepec, drawn up on the drill field of Mexico's West Point, solemnly swore allegiance to the flag of Mexico, held aloft by President Venustiano Carranza, as part of the ceremonies in honor of the opening of the in-stitution, held in Mexico City re- cently, according to Excelsior. The school had been closed for ten years.

The oath of allegiance was admin-istered as the cannon of the citadel fired a salute of twenty-one guns in honor of the anniversary of the constitution of 1857 and of 1917, which occurred the same day.

A long felt want. The Bonanza has printed and bound a fresh lot of location certificate books. Just what you want when you go out. The only way to preserve an absolute record of your claims.

Location books in triplicate now ready at The Bonanza office.

INFLUENZA FROM CENTRAL ASIA

Reliable medical authorities are now contending that the influenza became prominent because of its ravages in central Asia more than three years ago. The great plague centers of the world have always been in non-Christian areas.

The great plagues of the sixth and fourteenth centuries which cost Europe more than a fourth of its entire population arose in China. In 1918 the toll of death throughout the world from influenza was more than 10,000,000. Deaths in India alone were more than 5,000,000. This is equal to about half the military death toll of the entire European war. This shows how plagues and diseases from Asia or Africa can bring catastrophe to Amer-ica. The International World movement proposes to aid in establishing schools and hospitals in non-Chris-tian countries as rapidly as possible in order that the plague spots of the world may be eradicated by knowledge and cleanliness. Chris-tianity makes men clean and sets new values on human life and makes good health precious beyond rubies.

The medical missionary now in the Orient is worth a dozen in the Mis-sissippi valley in staying the plagues, and disease that sweep the world.

DYES TO CURE TUBERCULOSIS

(Correspondence Associated Press)
PHILADELPHIA, March 5.—Medi- cal research libraries in this coun- try in their search for a tuberculosis "specific" or cure for any other dis- ease are no longer dependent upon German-made dyes. "Made in Amer- ica" dyes are now being used. They give as good results as did imported dyes used before the war.

This announcement was made at the Henry Phipps, where laboratory experiments developed that certain dyes localized themselves in tuber- culous tissue. Efforts are being made to modify these dyes with other chemical agents that will kill the tuberculosis germ.

Tesman red dyes have been found to give the best results. As many as 25 modifications of this dye have been used in experimentation. Other dyes and some chemical have also been used. The staining qualities act as a guide to the localization.

MAKING YANKEE GOODS OVERSEAS

(Correspondence Associated Press)
LONDON, Feb. 18.—A new com- pany has been formed to arrange the manufacture of American goods in Great Britain for British and empire markets. It is stated by the American chamber of commerce in London.

With the growth of the move- ment for preferential tariffs and other preferential arrangements among the countries making up the British empire many American man- ufacturers already have considered it desirable to establish factories in Canada. The new company is work- ing, however, on the presumption that the advantages of a factory in Great Britain are greater.

The American chamber under- stands that the new company will encourage and assist American man- ufacturers in successful commodities to establish plants in Great Britain, but where the American market is not interested in doing so and is willing to sell his manufac- turing rights, the new company will undertake to find British or French manufacturers who will take over these rights. Similarly it will intro- duce into America goods which have proved successful in Great Britain or France.

The new company is understood to have received many inquiries from manufacturers on both sides of the Atlantic who are anxious to have their goods produced in the other country. The function of the new company is to bring such manu- facturers together, its profits consist- ing out of a percentage of the royalty or a lump sum payable for the patent of the process.

EQUINE SPORTS AT DEL MONTE

(Associated Press)
DEL MONTE, Cal., March 5.—On the Del Monte sport calendar for April 17 and 18 is a rymkrama, a sport well known in the days when the owning of blue blooded horses was the regular thing before the advent of the automobile.

It consists of a number of teams of horsemen. There are pony races, a contest of speed with ball and mallet and many track competitions such as roundhead race, thread needle race, musical post, etc. but a stake and the like.

At Del Monte in April the pop- ular sport will be revived. Sport Manager Fred A. Purser is plan- ning to add a steeplechase race, a jumping contest for hunters and a mounted polo.

The steeplechase will follow the an- nual Del Monte polo tournament which begins March 27.

LONDON YEARS FOR SKYSCRAPER

(Correspondence Associated Press)
LONDON, Feb. 18.—It is stated that London now is declaring the London Building News a new con- crete structure idea that if a firm for London's industries in the United States, whether (after inquiries) would be the improvement on the work- ingmen's rate of building.

Washington skyscraper firms after it is completed, would be a great ad- vance over the present in the building of skyscrapers in the United States. It is now a New York firm is there with the paper.
